ROBOT ASSISTED REPAIR OF RECTOVESICAL FISTULA

Author(s): (print all the names in full)

ALESSANDRO PRUNCIOTTA, DAVIDE BRUSA, DAMIANO D'ALETTI, STEFANO VIDOLI,
ALESSANDRO VECCIA, MARIA ANGELA CURRUTO, ALESSANDRO ANTONELLI

Copyright and Creative Commons License

The Authors shall retain the copyright to the article effective if and when accepted for publication by *Uro-Technology Journal*.

The authors agree to publish the article according to the **Creative Commons Attribution-Share Alike 4.0 International License (CC BY-SA 4.0)** (hyperlink to <https://creativecommons.org/licenses/by-sa/4.0/>). This means that any user shall be free to :

Share — copy and redistribute the material in any medium or format.

Adapt — remix, transform, and build upon the material for any purpose, even commercially.

Authors are permitted and encouraged to post their work online (e.g., in institutional repositories or on their website) prior to and during the submission process, as it can lead to productive exchanges, as well as earlier and greater citation of published work (See The **Effect of Open Access**).

Exclusive Unlimited License

The authors grant Ant Publishing Corporation (ANT), an exclusive unlimited license to publish the article in *Uro-Technology Journal* and identify ANT as the original publisher. The authors also grant any third party the right to use the article freely as long as the terms of CC BY- SA 4.0 are met.

Submission Statement

The authors must declare with their signatures that they additionally agree to the following points:

- Any financial (funding, stocks, patents, employment, honoraria, royalties) or non-financial (political, personal, professional) interests/relationships that may be interpreted to have influenced the manuscript have been identified in a 'Conflicts of Interest' statement at the end of the manuscript. If there is no conflict of interest, please state "The authors declare no conflict of interest".

- Financial support for the study as well as any role of funding bodies or others regarding the research or manuscript preparation has been listed in the 'Acknowledgments' section of the manuscript.
- Permission for any tables, images, figures, or illustrations that have been published elsewhere has been received in writing from the copyright holder and will be delivered to the editors if requested.
- All authors have made a significant contribution to the paper. Each author approves the final version of the submitted manuscript and the submission to "Uro-Technology Journal".
- The work has not been published previously (in whole or in part), in any language (except as an abstract of 400 words or less), unless so noted in the cover letter and with appropriate references in the text (only for purposes of providing the context for new data). Likewise, the material is not under simultaneous consideration for publication elsewhere.
- Studies on human subjects were conducted in accordance with the Declaration of Helsinki. Accordingly, the authors declare that subjects have given their informed written consent and that the study protocol was approved by an appropriate ethics committee. Further, the authors declare that animal experimentation was approved by the appropriate institutional review body.
- The authors warrant that they have not granted or assigned any rights in the article to any other person or entity, that the article is copyrightable, and that it does not infringe upon any copyright, trademark, or patent.
- The full and correct names, affiliations, and e-mail addresses of all authors have been entered into the submission system.
- This statement must be executed as is without revision or substitution of terms. An original handwritten signature of the corresponding author is required.

Date: 22nd of December 2022 Manuscript number: _____

Name of the corresponding author: VECOA ALSSIANPO

Signature of the corresponding author: Alexa Vecoa

On behalf of all co-authors (if any) Alessandra Lingiatto, Daniel B...

Daniela D'Orsatti, Stefano Vidini, Mari Angela Corvetti, Alessandra Antinelli
